WORK STATIONS

BUSINESS DAYS
July 3–5, 2024
Messe Frankfurt

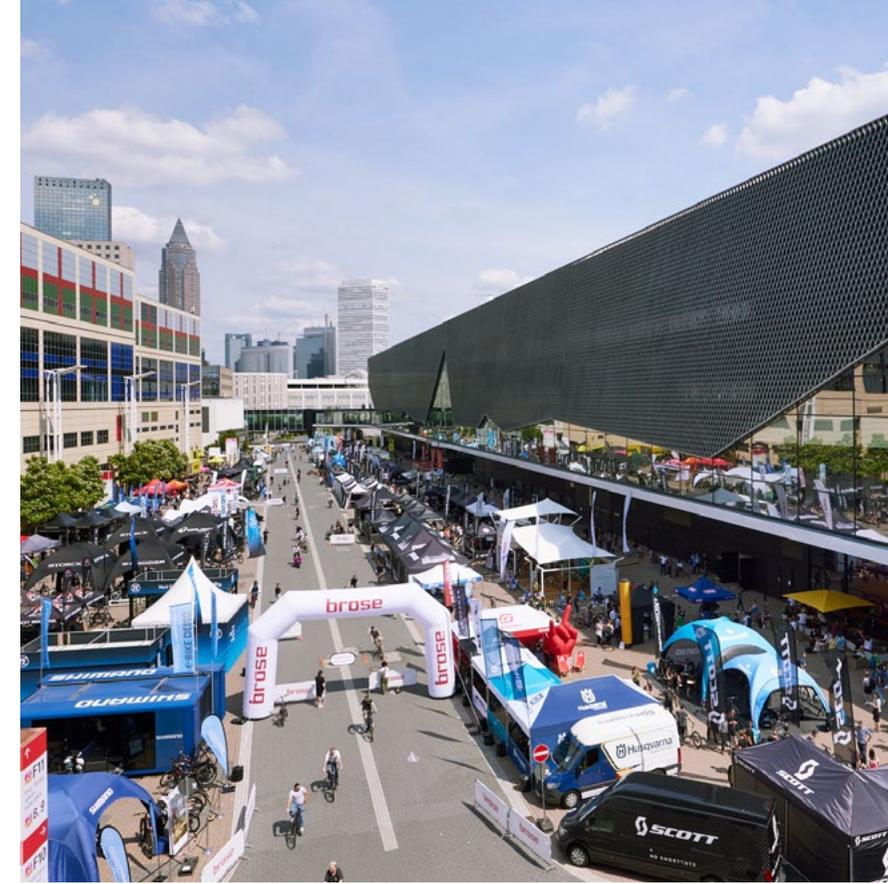

EUROBIKE – The Global Platform

The second edition in Frankfurt has impressively proven it: EUROBIKE has arrived in the Main metropolis as the world's leading trade fair for the bike and future mobility industry! And you benefit from this international platform: Three Business Days and two Festival Days open up all kinds of opportunities for you to realize a wide range of business objectives.

This year, 34,750 trade visitors from 122 nations followed the trade show motto „Hello Future“. During BUSINESS DAYS, the international trade audience ensured a great atmosphere at the stands of over 1,900 exhibitors, in the meeting spots and lounges, as well as in front of the numerous conference and show stages.

The scope of this appeal requires a broad concept that fulfils the multi-layered interests of its stake holders. Furthermore, opportunities must be created to meet and exchange with the respective, individual target groups and business partners.

As a global business platform, EUROBIKE therefore needs additive working and meeting areas. We provide these with the WORK STATIONS in Hall 9.2 during the BUSINESS DAYS from July 3 – 5, 2024 in the SUPPLIER AREA.

Frankfurt – the new hub for the bike biz

With its flexible halls and the spacious outdoor area, Messe Frankfurt offers the perfect site for your presentation – from exhibition booth to test fleet. Located in the centre of Germany, Frankfurt is readily accessible from all corners of the country by train or car in just a few hours, and, thanks to its rapid train links and international airport, it is also well connected with all of Europe – and in fact the whole world. With a modern public transport system and multimodal offers, with hotels to suit all requirements and an enormous range of culinary and cultural attractions, the metropolis on the River Main impresses through its international flair – and local character.

New effects of synergy and symbiosis are emerging in Frankfurt. The products on offer are intermingling with developments in society and their political stakeholders. This is where decision-makers will draw inspiration for the future. And we provide the appropriate meeting platforms to ensure that you come into contact with them.

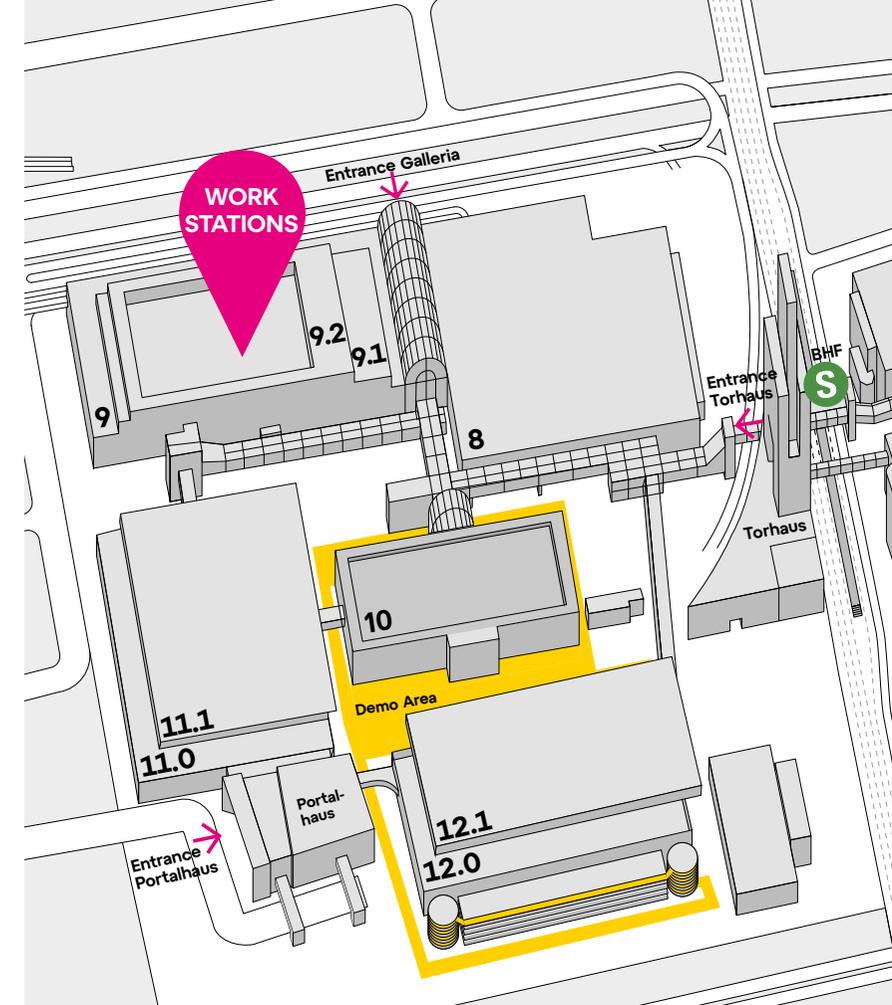

New opportunities

You are not represented at the trade fair as an exhibitor with your own stand, but still have the intention to meet with business partners or work in a quiet environment from time to time?

We have an uncomplicated and functional solution for you - the **WORK STATIONS**.

Your work space there contains its own branding, so that your business partners can easily find and recognize you. The **WORK STATIONS** are located in the **SUPPLIER AREA** of Hall 9.2 during the **BUSINESS DAYS**.
